Support Information:

At St. Paul's we believe that a child's first (and most important!) teachers are their parents, and as such it is important that parents set the example for children in all areas, especially when it comes living a Christ-centered life. This can be difficult, and we want to provide support and opportunities for you to grow in faith and to serve God and others. It is your continued support that makes our program possible and effective. Please check any activities or roles that you would like to receive more information regarding:
