

Principal's Pen

Dear Bishop Baraga Families,

Today is another very special day in the Church year. It is the Solemnity of the Annunciation of the Lord. This is the day we celebrate the coming of the Angel Gabriel to Mary to announce to her the special mission God had chosen for her. She was to be the Mother of His only Son. Just like the Solemnity of Saint Joseph last week, this is also just like a Sunday even though it is not a Holy Day of Obligation. It is also not part of Lent. This is a day to celebrate the Incarnation, when Jesus became man. Have a party!

Tomorrow is our re-enrollment night. This starts at 6:00 p.m. in the AV room at school. We hope to see all our parents there. You will receive your tuition contract, information on FACTS, as well as information on tuition aid. You will be able to take all the information you receive home with you to fill out at your leisure. There will be no need to wait in lines. Please call the office with any questions.

In this mailer you will find an update on STEM. We have rearranged the art, technology, and science schedule for our 7th and 8th graders to make sure they have the time and opportunity to use our 3D printer and have a STEM class. We also would like to start an after-school robotics program. We have the materials to do so, we just need a few volunteers willing to take the lead. Mrs. Sage can offer support and help, but we need a parent or two who are willing to run the program for this last quarter. If you are interested or can help in any way, please give me or Mrs. Sage a call or email.

Spring break begins this Friday. We have a ½ day of school. That means we will have our regular lunch at 11:00 a.m. with dismissal is at noon. Kingsford also has a ½ day, so busing will occur as normal. Our after-school program will be available that day from 12:00 noon when school dismisses until 5:30 p.m. Call the office with any questions.

Have a wonderful week! God bless!

Angela Oller

Classroom Corner: 2nd Grade – Mrs. Phelps

To start this Lenten season, we made a paper chain with names of people on the forty links. Each day as we remove a link, we say a special prayer for that person. We can also see each week how much closer we are getting to Easter!

I am very proud of the students for making their First Reconciliation. We worked hard on practicing the steps for making a good confession. Hopefully, this helped ease their nerves! Some students shared with us how "fresh" and "happy" they felt after being forgiven for their sins.

I can't believe May is just around the corner. The Second Graders are getting so excited for their First Eucharist. In preparation for their First Communion, we were able to visit the Monastery. We watched a video describing the life of a Sister, got a tour, prayed together, and visited with three Sisters that told us about how they make the hosts for our local churches. We are so blessed to have these great Sisters right in our community!
