TREASURES FROM OUR TRADITION

In 1971, the Vatican Congregation for Divine Worship completed a survey of the presidents of the national liturgical commissions around the world. How were children doing in the liturgical reform? Probably to their surprise,

the cardinals learned of special weekday Masses for children designed to teach them how to participate on Sunday, Masses with separate components for children. The decision was made quickly to develop adaptations for Masses where children were a majority of the assembly.

Changes would include a simpler structure, understandable texts, a simplified Lectionary, more active participation, and most surprisingly, new Eucharistic Prayers. By 1973 the work was done, and with very specific advice from Pope Paul VI, including the need for two new Eucharistic Prayers, the Directory for Masses with Children was published on December 20, a timely Christmas gift for the children of the world. The prayers are the first to be written fresh in a modern language—not Latin, but French and German—then translated into English, Italian, and Spanish. With a sense of caution, these new prayers were approved for three years, until 1977, but it soon became apparent that they had truly been embraced.

Perpetual Eucharistic Adoration

“A Holy Hour of Eucharistic Adoration is the best way to grow spiritually (outside of Mass).” ~ Pope Paul VI

BIBLE STUDY *facilitated by*
 Fr. David Fontaine, O.Carm.

You will also learn what all the mysterious figures and images of Revelation represent, as well as what will happen during the Second Coming of Christ, what has already happened, and what is happening now in Salvation History. Bible Study Class times: 10 AM OLMC, Dome - Thursdays, from October 19, 2017 - January 25, 2018. *(No classes during Thanksgiving week and the month of December).*

*Our Lady of
 Mt Carmel
 Church
 Fairfield, Ca*

**A Miracle In
 Our Midst?**

We have seen religious images formed on tree trunks, clouds and even on foods. But what about on a water fountain? Attached is such a picture depicting our granddaughter, Teresa Dial. It was taken when we

were visiting Our Lady of Mt. Carmel Church in Fairfield, California. She was just dancing around the water fountain in front of the church when I took the picture. We did not notice the water fountain image that took shape, like the one of Our Lady of Mt. Carmel, until much later. If the camera was set with a slow shutter speed, then the moving water would just be a blur. If the camera shutter speed was set on high, then the water would be frozen. But how do you time the constantly moving water flow so that an image would appear? We attribute the image formed to be a miracle. In God's Love, Mike Dial.
