Notes to the Catechist:

As part of our partnership with the family, parish and Catholic school religious education programs need to be accountable to the parents of those who are enrolled. Those who participate in the programs should also be able to know how well they have learned the language, practices and general knowledge of their Roman Catholic faith tradition. Catechists, too, should have the opportunity to know how effective their efforts in transmitting the faith are in addition to what opportunities are available to help them to grow.

Ongoing assessment also encourages life-long faith formation and identifies areas of growth needed for individuals, catechists, their catechetical leaders and the programs themselves. ***It's important to remember that no one graduates from religious education; instead, they participate in a process that continues throughout life.***

Use the practice questions on the next page to acclimate students to the types of questions they might encounter on the Faith Knowledge Assessment as well as the process of bubbling in the answer sheet. Students may attempt all sample questions. You may review the answers, standards, and test taking strategies with the student after they have made their selections.
