

**St. Bernard's High School**  
**English Department**  
**Summer Reading List 2019**

Summer reading is assigned with the expectation that students will be ready to discuss the book when classes begin in August, and tests and papers will be given once school starts. **It would be wise for students to take some type of notes as they read.**

Students are expected to hand in, on the first day of school, a personal reflection on each work assigned. It should be at least one page in length, and should include an understanding of why the book, as a whole, was written.

**Incoming Freshmen**
