23 days after his Ordination to Priesthood

Michał Łos, a young religious, was diagnosed with a rapidly growing and fatal cancer shortly before Easter. A member of the Congregation of the Sons of Divine Providence (F.D.P), the young man was permitted by his superiors to take his final vows and, after successfully receiving a dispensation from Pope Francis, was ordained to the diaconate and the priesthood in the same ceremony on May 24. The Ordinations took place in the oncology ward of the Military Hospital in Warsaw, performed by Bishop Marek Solarczyk. Łos was surrounded by his family, his religious superiors, and other members of his order.

Thereafter, Łos' dying wish was to have the strength to say his first Mass. His order turned to social media to publish the news and photos of his ordination and to ask for the nation's prayers. The mainstream media picked up the story, and Polish Catholics responded with heartfelt generosity. The First Mass celebrated by the new priest, Michał Łos, reached thousands via the social media.

On Monday, June 17, the Orianists released a statement announcing the demise of Fr Michał Łos. "We regretfully announce that Fr. Michał Łos FDP, recently ordained, died before noon today. We believe that he has met the Risen Christ, whom he so strongly wished to serve as a priest," they wrote. The First Mass celebrated by Fr Michał Łos, shared on social media must have surely touched the hearts of thousands of persons as one more powerful witness to the Holy Mass. Although this was a Mass celebrated in pain, it had its own holy impact. (Fr. L.X Jerome's S.J Sunday Homily).
