“The Office of Catholic Social Services has responsibility for oversight of all offices, agencies and organizations in the Diocese of Trenton that administer diocesan-based and parish-based social services to the faithful of the Diocese or to others within the four counties who approach the Diocese in need.

Appointed by and reporting to the Bishop, the Executive Director of the Office of Catholic Social Services serves as his personal delegate and representative to all offices, agencies and organizations and/or boards related to it functioning as well as to other provincial, national or international Catholic social services offices, agencies or organizations such as the New Jersey Catholic Conference, Catholic Campaign for Human Development and Catholic Relief Services. “
(Statute 105 – Fourth Synod, 2014)

It is the primary responsibility of the EDCSS to serve the Diocese and its stated mission in any established areas relating to Catholic social services in the Diocese as well as any new initiatives to be proposed and/or established.

The Diocese of Trenton has numerous offices, agencies and institutions that make up the Catholic Social Services of the diocese. The determining factor of which agencies are “Catholic” is their listing in the National Catholic Directory. The Office of Catholic Social Services acts as a liaison with these agencies and the diocese. The office identifies the various Catholic Social Service agencies, offers support and provides opportunities to network with the other Catholic Social Services in the diocese.

The Social Service agencies come together at quarterly meetings to share information about their services, to share issues that they face in the delivery of services and wherever possible to network their efforts to provide for the needs of the people. This invitation to the Catholic Agencies will continue with the hope of strengthening the services they provide and increasing advocacy efforts for families and individuals throughout the four counties of the diocese.

The Office of Catholic Social Services has worked closely with parishes in response to their efforts to provide assistance to those in need. We will continue to work closely with parishes and their social ministry services and outreach efforts in the coming year. We have held meetings for parishes to share information about their parish outreach/social services, to discuss issues that they face in providing service and to network with other parishes in their deanery and/or vicariate on direct services and advocacy efforts. In the coming year we will respond to some of the issues raised during the Parish Social Service meetings in the counties by providing information and presentations on various topics such as: “Do’s and Don’ts of Grant Writing”; “Housing Resources in Monmouth County;” and “Federal Food Programs” among others.

Mission Statement

*The Catholic Campaign for Human Development (CCHD)
is an instrument of the Catholic Church working to carry out the mission of Jesus Christ,
“...to bring good news to the poor...release to captives...sight to the blind,
And let the oppressed go free.” (Luke 4:18)*

The Catholic Campaign for Human Development is the domestic anti-poverty program of the United States Catholic Bishops and works to break the cycle of poverty by helping low-income people participate in decisions that affect their lives, families and communities. CCHD offers a hand up, not a hand out.

It has a complementary mission of educating on poverty and its causes. This dual pastoral strategy of education for justice and helping people who are poor speak and act for themselves reflects the mandate of the Scriptures and the principles of Catholic Social Teaching.

CCHD also provides the Catholic faithful with concrete opportunities to live out the love of God and neighbor in ways that express our baptismal call and continuing Eucharistic transformation.

The Catholic Campaign for Human Development is made possible by the generous support of Catholics in the United States, especially through an annual parish collection. CCHD’s grants to local anti-poverty efforts are screened, awarded and monitored in close partnership with local Catholic dioceses. CCHD grants to groups in a local community require the explicit approval of the bishop of that diocese.

CCHD IS a Catholic Social Service office within the Diocese of Trenton that offers a yearly grant.

The grant monies are received from the collection that is taken by each parish within the Diocese of Trenton the weekend before Thanksgiving (75% of monies collected by CCHD – DT is sent to the United States Conference of Catholic Bishops national office of CCHD and 25% is retained by the Diocese of Trenton and awarded in grants) .

Each year 3-5 grants are awarded in the amounts of \$2,000-\$10,000 each. A grant can be received for two consecutive years. If a grant is awarded for two consecutive years, one year must pass before another grant application is submitted.

- I. **Funding Criteria for Local Grants:** (as of August 2012) factors that will be considered in grant applications:
The 3 major criteria that will be used to award grants are the following:
 - A.) Priority will be given to new initiatives taken by agencies or parishes that enhance or provide for a foundation of self-sufficiency.
 - B.) The agency or parish outreach program will have a mission of providing social services with a focus on basic human needs (food, clothing, shelter, jobs etc.).
 - C.) Applications will only be accepted from Catholic agencies (Catholic agencies recognized as such by the

National Catholic Directory) and Parish Social Service Outreach Programs in the Diocese of Trenton.

II. Review of Grants

- Depending on the amount received in the CCHD collection (75% to national level; 25% to local diocesan level) 3 to 5 local diocesan grants will be awarded in the amount of \$2,000 to \$10,000.
- An application must be completed which includes: description of project, persons in need benefiting from services, expected outcomes, how program will be funded in future years and a detailed budget of the project. (Applications received after the deadline will not be considered.)
- Grants will not be given to fund salaries, building upgrades, operating deficits, research projects, or cost of fund-raising.
- An organization is eligible to receive a grant for 2 consecutive years after which they need to take one year off before re-applying.
- Any organization that supports anything contrary to Catholic Social or Moral teaching will be excluded.
- A site visit to potential grant recipient may be necessary.
- A written interim report and a final report will be required.
- Grant monies must be used within a year of receiving the grant. At this time a determination will be made re: grant funds that have not been spent.

Garrett. This process will be done in conjunction with the Executive Director of Catholic Social Services for the Diocese of Trenton, Sr. Joanne Dress, D.C.

Catholic Relief Services was founded in 1943 by the Catholic Bishops of the United States to serve World War II survivors in Europe. Since then, we have expanded in size to reach more than 100 million people in more than 100 countries on five continents.

Mission Statement

***Our mission is to assist impoverished and disadvantaged people overseas,
working in the spirit of Catholic Social Teaching to promote
the sacredness of human life and the dignity of the human person.
Although our mission is rooted in the Catholic faith,
our operations serve people based solely on need, regardless of their race, religion or ethnicity.
Within the United States, CRS engages Catholics
to live their faith in solidarity with the poor and suffering of the world.***

The fundamental motivating force in all activities of CRS is the Gospel of Jesus Christ as it pertains to the alleviation of human suffering, the development of people and the fostering of charity and justice. We are committed to a set of Guiding Principles and hold ourselves accountable to each other for them.

As the official international humanitarian agency of the U.S. Catholic community, CRS is governed by a Board of Directors made up of clergy, most of them bishops, religious and Catholic lay men and women.

CRS maintains strict standards of efficiency, accountability and transparency. Last year, more than 94 percent of revenues we spent went directly to programs that benefit the poor overseas.

How We Serve

Our work is about more than helping people survive for the day. Catholic Relief Services approaches emergency relief and long-term development holistically, ensuring that all people, especially the poorest and most vulnerable, are able to participate in the very fullness of life — to have access to basic necessities, health care and education — all within peaceful, just communities.

To achieve this, we focus on six key areas of service:

1. Emergencies

In areas devastated by natural disasters and wars, CRS is often among the first on the ground providing water, food, shelter, protection from abuses and other basic needs. But our work does not stop there, especially during times of war or when disaster strikes in conflict zones. In the course of providing emergency assistance, we also address the root causes of conflict and help communities bring about lasting change and peace.

2. **Hunger**

Millions worldwide are unable to meet their most basic, daily needs for a variety of reasons. CRS takes a multipronged approach to combat chronic hunger and poverty. We address a combination of pressing concerns by mitigating hunger, developing agriculture, improving water and sanitation, developing sustainable work options, providing microfinance to support small businesses, and providing a safety net for those who have no other means of support.

3. **Education**

Lasting improvement in the lives of the poor cannot be achieved without education. Access to education for all, particularly girls and women, as well as improved quality of education are key components of CRS' work around the world. Equally important is community involvement in education, without which long-term, positive change is elusive.

4. **Health**

In much of the developing world, people have little access to health care — no clinics, no hospitals, no doctors, no medicine. Focusing on remote and underserved areas, CRS establishes community-based health care systems that give people the tools they need to manage their own health needs. Our community health programs focus on caring for those affected by HIV and AIDS; improving child survival, especially among orphans and vulnerable children; developing proper water and sanitation systems; improving nutrition; and advancing maternal and child health.

5. **Peace**

The way we provide emergency aid and development assistance can actually prevent or transform conflicts. Peace-building, therefore, lies at the heart of all we do. Conflict resolution, education and prevention are integral to our work of development and emergency recovery. Part of peace-building also means strengthening civil society through civic organizations that help communities collectively advocate for their own needs. This, in turn, encourages good governance and holds governments accountable to their people. In this way, such tragedies as human trafficking can be halted and the most vulnerable are given the protection they need.

6. **Helping at Home**

CRS serves the poor and vulnerable overseas. Here at home, we work to help American Catholics put their faith into action, encouraging them to advocate for changes that uproot the unjust structures that constrain the lives of the poor and perpetuate poverty, conflict and inequality. Programs educate Catholics at home about the causes of hunger, help them foster economic justice through conscientious consumerism, and build peace and justice in the world by raising their voices in the halls of U.S. and international governing bodies

Mission Statement

Founded in 2008, the mission of “The Center for FaithJustice” is to inspire the next generation of leaders by creating programs to serve those in need and educate for justice in the Catholic tradition.

Our founders boldly envisioned an approach to faith formation that would engage young people not only through ministry to those in need but also through intensive reflection and emphasis on catechesis. This vision has evolved into the “WorX” programs - ServiceworX, JusticeworX, and LeaderworX – for young adults from middle school through college. Named for the biblical passage that inspired them, “Faith without works is dead” (James 2:26), these innovative programs unfold through week-long mission retreats to impoverished areas. The Center has served more than 4,000 young adults through intensive retreat-style service immersion experiences to impoverished areas. In contrast to typical service learning, the Center seeks to engender in young people a deep understanding of systemic poverty and instill lifelong values of social justice through the lens of Catholic Social Teaching. Our alumni have gone on to become impressive servant leaders in many diverse fields ranging from international aid in Uganda to corporate America.

WorX Ministry Programs:

- **ServiceworX** is a week-long day program for middle school students that explores Catholic faith through service to those in need. Taking place at local parishes and schools, this experience is facilitated by passionate ministry staff who help participants live their faith through engaging prayer services, lively discussions and dynamic community service to local social service agencies and nonprofit organizations. www.serviceworx.org
- **JusticeworX** is an overnight, weeklong service immersion retreat experience, designed to help high school age students explore the connections between faith, the call of the Gospel to service and justice, and everyday life. Dynamic prayer services, a trained and passionate staff, thought-invoking presentations, activities and discussions combine to form young people in a faith that will last a lifetime. We offer all-inclusive experiences in Trenton, Philadelphia, and Appalachia. www.justiceworx.org
- **LeaderworX** is a summer opportunity for young adults/adults with at least one year of college completed (21 and older for certain positions). Participants live in community, serve those in need and help lead youth ministry projects while receiving personal and professional formation, leadership training and vocational discernment. www.leaderworx.org

Casa Retreat Center – Our retreat center, call the Casa, is available for both day and overnight retreats, either self-directed or facilitated by CFJ staff. Mission Statement

“Good Counsel is a private Catholic Agency whose primary mission is to help homeless pregnant women by providing a loving family environment in a safe and secure shelter. Begun in 1985 by Fr. Benedict Groeschel and Chris Bell, both leaders in the pro-life movement, Good Counsel has grown to five homes in the New York greater area. Working closely with the Sisters of Life through our Lumina outreach we have developed an outstanding program of support and healing for those suffering from abortion related problems.”

Our Work

Founded in 1985 by Father Benedict Groeschel, CRFR, and Christopher Bell, a Catholic layman, Good Counsel is a nationally recognized nonprofit leader and innovator in creating supportive residential care and community based services for homeless mothers and their children in the context of Catholic Social tradition. With headquarters in Hoboken, NJ where Good Counsel was founded, Good Counsel today operates five debt-free homes in the Bronx, Harrison, Spring Valley, Staten Island, NJ and in Riverside, NJ. We continue to support our former residents who now live in the community. Volunteer leaders are continuing to raise awareness and funds to sustain the new Good Counsel home in Riverside, NJ, which will serve moms from South Jersey and the surrounding areas. We assist independent groups in replicating our maternity home model, now in eight states. Good Counsel also conducts a post-abortion ministry and referral network called Lumina and operates a national Helpline for new and expectant mothers.

Our Accomplishments

In 2010, our toll-free Helpline received more than 2,800 calls for assistance and more than 34,000 people have been helped through our 24/7 helpline since it began. 221 mothers and children resided in our homes (more than 5,800 since 1985). Our occupancy rate in 2010 was 103%. During this time our mothers gave birth to forty babies. Toward achieving independent life skills, 37% of our mothers obtained educational advancement and 50% were working last year. In addition to work and school, each of our mothers was encouraged to volunteer in her respective community. Since opening the Riverside Home, April 2011, 38 babies have been born to mothers in residence.

Our Programs

1. **Good Counsel Helpline** (800-723-8331 or help@goodcounselhomes.org) offers 24/7 skilled support to expectant and new mothers seeking support and to simply discuss their concerns.
2. **Lumina** (718) 881-8008 or 877-Lumina1 or lumina@postabortionhelp.org) helps post-abortive women and men find healing. In 2008, its confidential counseling, peer groups and referral program reached 186 new people; the Lumina Website and new Blog received 107,300 and 5,098 visits respectively.
3. **Exodus** supports Good Counsel mothers in their transition into independent living. Assistance includes help with paying the rent, buying or securing donations of furniture, food and clothing and advocacy in court and social service systems.

4. **Our Homes.** Each of our residences provides its mothers and children with private room and a family living environment replete with nursery, kitchen, computer-equipped study, and dining, living and recreation rooms common to all. The homes are staffed 24/7 by trained professionals who give the mothers the structure, responsibility and skills they need to achieve independent living.
5. **Life-Skills** Good Counsel staff design and implement Life-Skills instruction and online self-assessment tools for the mothers in each of the homes that includes lessons in nutrition, prenatal care, parenting, financial literacy, career planning, health and AIDS education, chastity, social skills, and more.
6. **Health Services** Mothers and children are registered at appropriate nearby medical facilities and follow individual health plans overseen by physicians and monitored daily by Good Counsel staff.
7. **Plans for Each Mother and Child** Homeless Mothers and children have complex needs that involve multiple systems of care that are often fragmented and difficult to negotiate. A Good Counsel case manager serves as an advocate, providing the caring glue that holds the systems together. A case manager develops an individual plan which is then monitored at weekly progress meetings.

Our mothers have experienced great loss, difficult transitions, trauma or maltreatment causing them to form unhealthy, insecure attachments in addition to other significant issues. To form strong and healthy attachments with their babies, our mothers must experience positive relationships with care adults.

Plans are individualized and strength-based with emphasis on building personal assets and resiliency. Through intensive individual and group work, our mothers prepare to create a safe, health and long-term environment for themselves and their babies.

8. **Vocational/Education Services** Trained staff meet with every resident upon admission and assists her with enrollment in an educational program (in-house and/or community based) that meets her interests, abilities, and need for employment. More than half our residents have yet to graduate from high school.
9. **Spiritual Care** Each home has its own chapel. In treating the whole person, as Jesus did, we invite (not require) our mothers to consider the sacraments, Scripture, prayer, retreats, and the external church community as a good way to find understanding, forgiveness, healing and new inner resources.

Mission Statement

Mount Carmel Guild of Trenton Provides Hope and Preserves Dignity as it feeds the hungry and provides home health nursing services to the elderly and disabled

Mount Carmel Guild has been aiding our community members in their times of need since 1920 regardless of race or religion. This rich heritage of compassion and commitment has seen increasing need over the years. We are a non-profit agency, and our services are free to those who need them.

Emergency Assistance – 79 North Clinton Ave, Trenton, NJ 08609

Hope comes in many forms. Sometimes it's an emergency supply of groceries. Other times hope comes in the form of help with a utility payment. Or perhaps it's financial assistance with vital prescriptions. In any of these situations, a little hope can go a long way in keeping a family together, in a home, with the proper nutrition and care.

Approximately 30,000 people in Mercer County live with hunger. Currently Mount Carmel Guild's **Emergency Assistance Program** provides food and hope to thousands of families annually in the Mercer County region. They are members of our community. They're our neighbors. They are the children in our schools. And when fortunes change for the worse, we're there to help, not to perpetuate a situation, but to change a life. To give a family that little extra help to keep them going in the right direction.

On a daily basis, Guild staff members assess the needs of families and distribute bags of groceries based on nutritional requirements. Ultimately families who may otherwise not share a meal are allowed the dignity of preparing meals in their own home. And without that help those children and elderly members would not receive the food they need.

Through the generosity of many others Mount Carmel Guild is able to provide a three to five day supply of nutritious groceries according to family size, cooking facilities and medical needs. We are one of the few area food pantries, which is open every weekday.

Home Health Nursing Program

There is probably nothing more dignified than the ability to remain in your home as you age. To age gracefully. To keep your independence, your history, your world. But as medical needs increase this isn't always possible.

Mount Carmel Guild's Home Health Nursing program provides free, in-home nursing and home health services to seniors whose Medicare insurance has been exhausted and have no alternative means of care. Many of our patients are homebound with geriatric health issues such as diabetes, hypertension, lung and heart disease.

Our program enables these patients to stay in the comfort of their own homes, in familiar surroundings. Our nursing staff makes hundreds of home visits each year, providing nearly 1,900 hours of assistance. They care for people beyond their medical needs and prevent premature placement in institutions. Most importantly, the Guild's Home Health Nursing staff provides older patients with the dignity everyone deserves.

Free Nursing Services for Medicare Eligible Seniors

Our nursing care can include: pre-filling insulin syringes for sight impaired, pre-pouring medications weekly, monitoring vital signs, blood sugar, and cardiopulmonary status, administering injections, assisting with pacemakers.

“ For the Express purpose of helping those in need...”

History

Project PAUL was founded in 1980 as a part of the community outreach ministry of St. Ann’s Parish, Keansburg, NJ. The early work of Project PAUL centered on the establishment of a food pantry, serving approximately 25 local families, and a thrift shop. The project expanded through the early 1980’s, adding services and programs to meet the increased needs of the community. In 1985, Project PAUL incorporated and became an independent 501(c) (3) non-profit agency, thereby qualifying for government funding. Project PAUL continues its relationship with St. Ann’s and remains in a building which is leased from the parish.

Today

Currently, Project PAUL operates the largest food pantry in Monmouth County with distribution to over 1,800 individuals a week.

Project PAUL also helps hundreds of families stay in their homes by providing assistance with rent and utilities to qualified families.

Project PAUL’s Thrift shop is open six days a week and is staffed by volunteers. Proceeds from sales go to support our programs. Clothing, household items, and other necessities from the thrift store are also donated to qualifying families.

Project PAUL’s Furniture Outlet offers good furniture at quality prices. Our volunteers collect gently used furniture throughout the area and offer items at reasonable prices. Donations are made to qualifying families and sales proceeds support our programs.

During the holiday season, Project PAUL coordinates Thanksgiving food and Christmas gift donations.

Educational Programs

Educational programs have also become a big part of the services Project PAUL offers to the community. Through the Educational Support Program (ESP), individuals are able to receive grants to assist with transportation and other costs as long as they are enrolled in classes at a local college.

Most recently, Project PAUL has instituted a free ESL class for mothers in the community. Child care is provided.

What you can do to help

There are several ways to support the work of Project PAUL. First is to shop at the thrift shop for impressive bargains in clothing, furniture, and household goods. Also, spread the word about the thrift store to friends and family who also might like the chance to take advantage of the great buying opportunities while helping out the needy.

Of course, another way you can support Project PAUL is through a tax-deductible donation of food, clothing, and furniture. Monetary donations are always welcome and 100% of all monetary donations go to support those in need.

History

St. Francis Community Center, LBI grew out of the needs identified by St. Francis Parish in Brant Beach, 4700 Long Beach Blvd., Long Beach Twp., NJ 08008.

The idea for St. Francis Community Center began in 1968 when the friars saw a need for larger facilities for parishioners to meet on a social and recreational level. As the idea grew and expanded, it became apparent that the parish is a community and what was really needed was a place for everyone in the community.

In July 1972, St. Francis Community Center opened its doors for the first time with one paid staff member...not only to serve the Parish but the entire community.

In March 1973, 50 area residents attended the official opening of the Senior Services. It began on a small scale, primarily with the lunch program and social activities.

Services have been added as needed: Outreach health screenings, case management services, transportation, home-delivered meals, community education programs, volunteer opportunities, education and recreation.

More than 120 full and part-time paid staff are employed at the Center, with over 1,200 volunteers giving many hours to provide the necessary programs and services to the community.

Mission Statement

*The Society of St. Vincent de Paul
is an international non-profit organization
dedicated to serving the poor and providing others with the opportunity to serve.*

History

The Society of St. Vincent de Paul began in Paris, France, in 1833 when a young law student at the Sorbonne, Frédéric Ozanam, was challenged during a debate to demonstrate what he and his fellow Catholic students were personally doing to help the poor in Paris.

Ozanam's reaction was immediate. Within weeks, Ozanam, at 20 years of age, and six of his peers formed the first "Conference of Charity." Under the conference, this group of seven men financed their works of charity out of their own pockets and from contributions of friends. They visited the poor in their homes, providing them with needed aid and assistance. At the prompting of Monsieur Emmanuel Bailly and Sister Rosalie Rendu, superior of a convent of the Daughters of Charity, Ozanam soon placed the conference under the patronage of St. Vincent de Paul who had spent his life in 16th century France serving the poor.

Within a few years, the original group of seven grew to 600, spreading to 15 other cities and towns in France, numbering more than 2,000 members.

Mission of the Society of St. Vincent de Paul

Inspired by Gospel values, the Society of St. Vincent de Paul, a Catholic lay organization, leads women and men to join together to grow spiritually by offering person-to-person service to those who are needy and suffering in the tradition of its founder, Blessed Frédéric Ozanam, and patron, St. Vincent de Paul.

As a reflection of the whole family of God, Members, who are known as Vincentians, are drawn from every ethnic and cultural background, age group, and economic level. Vincentians are united in an international society of charity by their spirit of poverty, humility and sharing, which is nourished by prayer and reflection, mutually supportive gatherings and adherence to a basic Rule.

Organized locally, Vincentians witness God's love by embracing all works of charity and justice. The Society collaborates with other people of good will in relieving need and addressing its causes, making no distinction in those served because, in them, Vincentians see the face of Christ.

Members of the **Society of St. Vincent de Paul** (or "Vincentians") are men and women who strive to grow spiritually by offering person-to-person service to individuals in need. We are young and old. Our members come in every shade of skin color. Some of us are wealthy, some are financially poor, but all of us are blessed with an awareness that our blessings (time, talent or treasure) are to be shared with our brothers and sisters in need.

The Society of St. Vincent de Paul offers tangible assistance to those in need on a person-to-person basis. It is this personalized involvement that makes the work of the Society unique. This aid may take the form of intervention, consultation, or often through direct dollar or in-kind service. An essential precept of the Society's work is to provide help while conscientiously maintaining the confidentiality and dignity of those who are served. The Society recognizes that it must assume, also, a role of advocacy for those who are defenseless or voiceless. Some 12 million persons are helped annually by Vincentians in the United States.

The Visitation Home

“A Catholic shared living residence for people with developmental disabilities”

About Us

Visitation Home is a Catholic community (open to all faiths) where people with developmental disabilities and those without, live together as family, called by the truth of the Gospel principle that human life is sacred at every stage and in every situation. We recognize our responsibility to grow in a spirit of openness, simplicity, and love through meaningful relationships. It is through these relationships that we discover each other’s gifts and the inherent dignity of each individual.

What is the Visitation Home?

Visitation Home is a non-profit, faith-based initiative. This shared living community, located in Mercer County, NJ, is a place where developmentally disabled adults (age 21 and above) and their assistants live together as family, complemented by the support of neighborhood volunteers.

- All take part in the social and domestic aspects of home life.
- Each resident follows a plan of specific goals & objectives.
- Residents will learn work and basic life skills to realize their full potential and enhance self-esteem.

This Catholic community supports the spiritual growth of each member and respects each individual’s religious traditions.

Why Visitation Home?

New Jersey has a waiting list exceeding 6,300 people in need of community-based living. Visitation Home is our response to Jean Vanier’s (founder of L’arche Communities) vision of a community in which people with disabilities can begin to discover that “they have a value and they are loved and so loveable.” After hearing about our plans for Visitation Home, a father of a developmentally disabled child said, “Up until now, every time I thought about my son’s future, it was always with worry. For the first time, I can think about it with hope.”

Visitation Home offers opportunities for volunteers.
