

“Drama Club Update: Annie” by Samantha Zukowski, published on December 4, 2018

**On Friday May 10th and Saturday May 11th**, the Saint Charles Borromeo School Drama Club will be performing the play *Annie*. Miss Perkins, the director, has been moderating the Drama Club at Saint Charles for over fifteen years! She says that some of the hardest things have been getting everyone to memorize their lines, and coordinating gym time. She loves that tons of girls participate in Drama Club, but says she wishes that more boys would join. Miss Perkins also said that Drama Club benefits students because it’s a creative outlet for students, and it helps kids gain public speaking and enunciation skills.

Seventh grader Kaiden Bruno is one of the many actors participating in Drama Club this year. She is playing Pepper, a twelve-year old orphan who likes to be in charge and often gets into fights with some of the other orphans. Kaiden says drama club is a fun experience that helps you meet new people and try new things. She loves to act, and says drama club helps her learn and develop new acting skills that she can use in community theatre.

Drama club has weekly rehearsals on Wednesdays from 2:40-3:40 in the music room. Beginning March 6th, drama club will meet in the gym, where practices become longer and more frequent. Drama Club is open for anyone in grades six to eight interested in tech crew or acting, and is always looking for more interested students-so keep it in mind for next year, students!
