The building fund Extension grant information has been received. The parameters include a \$50,000 grant with parish providing \$2.00 for every \$1.00 in grant money; moneys received must be "new" money; beginning date of funding will be April 1st. With these things in mind, the move was made to accept the challenge. The motion was seconded and accepted unanimously.

The building committee will meet before April 1st to discuss how to involve the parish members and get new pledges.
