

MISSION STATEMENT

We live, love, learn, and serve through Jesus.

Sacred Heart School provides children a quality education through experiences that promote knowing, loving, and serving God and all creation.

PHILOSOPHY

Sacred Heart School, in partnership with the family, seeks to educate the whole child through instruction and experiences that stimulate growth spiritually, academically, socially, and physically. The instructional program enables students to meet life's challenges and the future responsibilities of Christian living.

GOALS

- ♥to provide a safe environment for all where student learning can be maximized;
- ♥to provide a quality education for all students regardless of race, creed, color, gender, national or ethnic origin, or economic status;
- ♥to teach the Catholic faith by which Gospel truths & values are integrated into each individual's life;
- ♥to provide the opportunities for personal experiences in Christian living through prayer, liturgy, sacramental life, guidance and example;
- ♥to help each student to internalize the desire for life-long learning, to communicate effectively, to solve problems and to reason independently;
- ♥to provide opportunities for Christian service and involvement/responsibility not only to our faith community but also to the local and global communities;
- ♥to provide activities designed to instill a lifetime commitment to good health, physical fitness, and well being;
- ♥to provide opportunities and experiences which emphasize the heritage, privileges, and responsibilities of United States citizenship.

VISION

As a part of the educational mission of the Diocese of Corpus Christi, Sacred Heart School will continue to minister to the needs of the local Church as well as its neighbors both near and far.

Sacred Heart School offers Catholic education while providing a safe learning environment designed to enlighten, challenge, question, engage, nurture, and guide students through opportunities to develop and enhance their academic, spiritual, social, artistic, and physical abilities and talents. The school aims to lead students to broaden their horizons and experience a taste of the amazing world that God has created in hopes that each student will have enkindled within the desire to continue to explore and learn for the rest of their lives.

In partnership with the family, the parish, and the local community, SHS faculty and staff will work to foster and enable children to become independent learners who will develop and improve skills as problem-solvers, leaders, and contributing members of society while committing the use of their God-given talents to serving the needs of their local and global communities.

School and parish leadership commit to creating a school where:

- *Students exit SHS as vibrant, caring, patriotic citizens, alive with faith and a love for learning while standing ready and able to answer the call to service.*
- *Financial assistance is available for families in need.*
- *Employees receive just wages and benefits reflecting their value by the school.*
- *Employees work together for the good of the students and school.*
- *Care is given to assist students to recognize the many individuals who support SHS and the community and to learn to give back.*

*Sacred Heart School
Grounded in faith -
excelling in academics*
