Greetings during Natural Family Planning Week,

July 29, 2018

During National NFP Awareness Week, the bishops of the United States invite us to reflect on the theme, "Generations of Love, Humanae Vitae (1968-2018), Celebrate God's Gift of Married Love!"

Notice: God's love has endured for generations. It's God's love that makes us lovable and allows us to love others as God would love them.

When a couple is in love we see love flowing in and through the relationship. During marriage preparation and at the altar just before the vows, we ask them: are you giving yourselves freely to each other without reservation, without condition, and without hesitation. That is the way God loves us: freely, without hesitancy, reservation or conditions. The Sacrament of Marriage is God's love alive and expressed in everyday life.

"Our love" follows and it is a wonderful thing. I often ask the young couples if they know they are continuing the creative work of God. The "our love" of a couple which flows from God's love is creative and dynamic. When love is shared in an intimate physical way new life becomes possible. The couple provides the egg and the sperm, but God provides the soul... the life force that becomes a continuation in the plan of God.

"God's Love", becomes "Our Love, and it becomes "Our Family." It is always a bit uncomfortable for a couple when I ask them how they plan to regulate the size and timing of their family. I usually start by asking: who does contraception such as the pill or a condom have the most detrimental effect on: the female or the male? The correct answer is the male. (Want to hear more about this topic? Please call me to discuss)

Our society tells us that sex without the possibility of pregnancy is exciting and fulfilling. It instead creates an environment where either the man or the woman can end up feeling used and trust which is born out of love is violated. We also need to be aware of the moral implications of the spontaneous abortion that occurs due to the fertilized egg not being able to implant in a womb tainted by the pill.

Natural Family Planning is a practical moral option. With NFP we act with the body God has given us... in the way God designed it to function... we cooperate in the love that flows from God through the marriage. Another way to say it is: we need to trust God and to cooperate with God by working with the way in which God made us. NFP is based on communication between the man and the woman.

The Church celebrated the Memorial of Saints Joachim and Anne, the parents of the Blessed Mother, on July 26. foryourmarriage.org and the Couple to Couple League based out of Cincinnati are wonderful sources of information. Their website is: www.ccli.org There is richness in the manner of communication in a marriage when as a couple you discover the language of the body that is spoken through human fertility. Want to enrich your marriage or the marriage of your children... talk about NFP and the theme the Bishops have chosen for us to reflect on this week: "Generations of Love, Humanae Vitae (1968-2018), Celebrate God's Gift of Married Love!"

I would love to talk about how to enrich your marriage just contact me... Blessing and prayers, *Fr. Chuck*

PARISH LIFE

HOLY LAND CRAFTS AT ST. PHILIP'S

Representatives from *Catholic Bethlehem Christian Families* will be with us on the weekend of **August 4 & 5** to ask for your help and blessing for the native people of the Holy Land in Bethlehem. These families, sixty years ago, made up 18% of the population. Due to recent events in the Middle East, it has caused these families to face devastating economical strain, and caused the population to decrease to less than 2% in the Holy Land. These families have relied on the income from their religious hand carved olive wood artifacts to tourist. So we have come to the USA to try to help support these families by bringing their artifacts here to sell in the USA. All the proceed from sales will be send back to the families of the Holy Land so that they may be able to keep their homes and provide their families. The last few years were very tough for the Christian families, and this is the only source of income for them.

"When we elect our lawmakers in America, we influence the moral character of this nation for better or for worse. When our laws permit violence against little babies, incidents like the Columbine High School shootings are the logical outcome."

~Fr. Frank Pavone, Director, Priests for Life

"To be actively pro-life is to contribute to the renewal of society through the promotion of the common good. It is impossible to further the common good without acknowledging the defending the right to life, upon which all the other inalienable rights of individuals are founded and from which they develop."

~St. Pope John Paul II
