

# Compost Time

Last Year, St. Joseph School's Third Graders - Under the direction of their teacher, Miss Blunk, raised money by making recycled paper bead necklaces.

Art Teacher, Mrs. Kehner helped the students make the necklaces in art class. The students sold the necklaces at the Christmas Bazaar and with the earnings, along with a generous anonymous donation, purchased two new compost bins for this school year. **The students set a goal of ZERO cafeteria waste for this coming school year.**
