

## Christ the King Catholic School K-8 Extended Day Program 2018 - 2019

Christ the King Catholic School offers a before and after school childcare program. Our goal at Extended Day is to create a positive, caring and open environment in which the values taught during the regular school hours are reinforced.

We value honesty, fairness, and good communication among ourselves, with the children, and with their parents. We provide a simple, healthy snack each day, homework time, as well as free time within our daily routine. We strive to provide a place that children look forward to coming, and where their parents feel comfortable leaving their children.
