POPE FRANCIS:

Family is Family! We must not fall into the trap of being limited by ideological concepts. The family is an anthropological fact, and consequently a social, cultural fact. We cannot qualify it with ideological concepts which are compelling at only one moment in history and then decline. Today there can be no talk of the *conservative family* or the *progressive family*: Family is family! Do not allow yourselves to be qualified by this, or by other ideological concepts. The family has a force of its own.

Most merciful Jesus, I beseech you through the intercession of your saints, and especially the intercession of your dearest Mother who nurtured you from childhood, bless our native land. I beg you, Jesus, look not on our sins, but on the tears of little children, on the hunger and cold they suffer. Jesus, for the sake of these innocent ones, grant me the grace that I am asking of you, for our country... Saint Faustina Kowalska
