

Tuition and Other Financial Obligations for All Families

Tuition is **non-refundable**. The school's operating budget is based on projected enrollment and the school's financial obligation does not change when students withdraw. No adjustment is made because of late registration, absence from class, days when school is not in session, leaves of absence or the suspension or dismissal of a student by official action of the school. A year contract/commitment to attend the school is required.

If unforeseen circumstances arise a 30-day written withdrawal notice must be provided if your family is to withdraw during the contracted year. If your family leaves 1) before October, one-third (1/3) of annual tuition will be due, 2) before December, one-half (1/2) of annual tuition will be due, and after Jan 1st the total contracted annual tuition will be expected to be paid. If due to a unique set of circumstances, a parent or guardian feels that an adjustment or refund is in order, they may request such in writing from the Principal.

Tuition for All Families – this is the current tuition for the 2018- 2019 school year.
