

Battle of the Borders Girl Power Basketball Showcases

"Girls basketball at its best"

To Whom It May Concern:

Once again it's almost that time of the year where we take High School Girls basketball teams from all over **Midwest Regions** and provide them with an opportunity for college exposure. This year's Battle of Borders will feature numerous state champions, state runners' ups, and a host of other district and regional champs. Schools have been featured from **Missouri, Illinois, Wisconsin, and Indiana**. So as you can see we will have a fairly large representation involved in this event. Last years event had over 40 college coaches present to view the best.

The purpose of the Battle of the Borders is to have a venue where the young ladies who attend urban or suburban schools will be able to showcase their talents before a variety of basketball college coaches. This is the 7th year for the event and numerous young ladies have been able to obtain college scholarship because they where seen at this event. You can go to the website to see the college coaches that have attended and some of the top players who have played in the event.

Homewood-Flossmoor High School (Flossmoor, IL)
