

Capital Campaign: OVERVIEW

*Together in Faith – Honoring Our Past,
Building Our Future*

Building Project Plans ...

- St. Matthias' Master Site Plan for our 27 acres updated in 2015 driven by our growing parish community, crowded Masses, and projected continued growth in Magnolia area
- Identified need for new church to seat 900 with space to grow to 1000 seats
- New St Vincent de Paul building
- Create additional parking and move pavilion
- Replace pole barn and remove bazaar kitchen

About the Capital Campaign ...

In early 2016, we launched the Pledge Phase of the Capital Campaign with a minimum goal to raise **\$2.4M**. We also set **Challenge** and **Miracle goals** (which would allow the above work to be completed debt free). The Pledge Phase concluded in July 2016. We are now in the three-year Redemption Period. Current pledges are being fulfilled and new pledges are still being accepted and are being encouraged.

Pledges and Support ...

Thanks to more than **663** parish families who have agreed to support the campaign to-date, we have pledges for **\$3,377,112** as of Feb 1, 2019 and over **\$2,642,240** in donation payments toward the pledges have been received.

As these pledges are fulfilled over the next three years, additional pledge commitments would help to further minimize the debt on the new church.
