***La Historia y Usted:*** Segundo Domingo del Tiempo Ordinario

¿Cómo estás durmiendo en estos días? ¿Es usted quedarse dormido y dormir fácilmente a través de la noche? ¿O es que, como el niño Samuel, a menudo despierta con la sensación de que usted está siendo llamado, y luego no puede volver a dormir hasta que finalmente reconoce que Dios es el que te está empujando?

Tal vez tus sueños están donde Dios está revelando un camino para usted. Si tienes un sueño, tal vez se repite el uno donde usted se olvidó de ir a clase durante todo el semestre y ahora es el momento de tomar las finales, o los tan urgente como los sueños que me alertó sobre una masa ovárica de diez centímetros en 2004, es posible que Dios está usando su subconsciente para guiarlos y sanar. Luego, por supuesto es simplemente el dar vueltas que va con la búsqueda de la paz nocturna con conflictos diurnas. ¿Cuánto tiempo más se puede morder la lengua en el trabajo? ¿La nueva generación de graduados de conseguir el trabajo que ha sobresalido por un año? Por lo demás, habrá alguno de la etapa de generación de más edad a un lado para que sus propios hijos pueden encontrar un trabajo significativo?

Y hablando de los niños, es lo que quita el sueño preocupante que no son felices, no son saludables, y probablemente no continuar la fe que ha sostenido toda su vida? Eso es un montón de sueño para perder más de las preocupaciones que han mantenido a los padres despiertan siempre, incluyendo, muy probablemente, el suyo propio. Pero aquí está el secreto. En todas sus luchas medianoche, Dios está allí. Podría ser que Dios te está ayudando en la resolución de problemas. O, simplemente, posiblemente, Dios os llama. En ese caso, lo único que hay que hacer es despertar a ti mismo y decir: "Habla, Señor. Estoy escuchando ".  
*¿De qué manera usa Dios el sueño que lo cure?*

***The Story and You:*** Second Sunday in Ordinary Time

How are you sleeping these days? Do you nod off and sleep easily through the night? Or do you, like the child Samuel, often awake with the sense that you are being called, and then can't get back to sleep until you finally acknowledge that it is God who is nudging you?

Maybe your dreams are where God is revealing a path for you. If you have a recurring dream—maybe the one where you forgot to go to class all semester and now it's time to take the final, or ones as urgent as the dreams that alerted me to a ten-centimeter ovarian mass in 2004—it's possible that God is using your subconscious to guide and heal you. Then of course there is simply the tossing and turning that goes with finding night-time peace with day-time conflicts. How much longer can you bite your tongue at work? Will the new generation of graduates get the job you've excelled at for years? For that matter, will any of the older generation step aside so that your own kids can find meaningful work?

And speaking of the kids, do you lose sleep worrying that they aren't happy, aren't healthy, and will probably not carry on the faith that has sustained you your entire life? That's a lot of sleep to lose over worries that have kept parents awake forever, including, most probably, your own. But here's the secret. In all your midnight wrestlings, God is there. It might be that God is aiding you in resolving problems. Or, just possibly, God is calling you. In that case, the only thing to do is to rouse yourself and say, "Speak, Lord. I'm listening."

*In what ways does God use your sleep to heal you?*
