

CHANGING *of the* SEASONS

Dear Friends,

Happy September! What a great time to celebrate life and to give thanks to God for all the gifts and blessings we have received. With the changing of seasons, so often people think of things “dying” (that’s why some people don’t like Autumn). I look at this time of year as a new chapter in the “circle of life,” a time to enjoy the beauty of the changing colors, of leaves falling, of the weather changing.

This is also a time for us to look into our hearts, and see if those, too, need changing. We always are called to growth, to re-visioning our minds and hearts to hear the Word of God and to keep that Word every day. We are called to grow in humility, and to change our pride-full hearts into grateful hearts which praise God for all we have received.

As we celebrate this month, let us ask the Lord to bless us, to help us develop what is good and change what needs to be changed. May the grace of the Holy Spirit guide us and strengthen us every day of our lives.

Father Fred
