All are invited to an **intensive one-day workshop** next Saturday, November 8 to learn **HOW TO TEACH AND MANAGE THE SPECIAL NEEDS OF CHILDREN WITH AUTISM**, and discover ways to embrace them and their families in our community. The day begins at 9:00am and concludes at 5:30pm. The instructor is Betty Crea Davidson, Esq., who is deeply involved in and committed to the autism community as a behavioral consultant, a special education attorney, the developer of an interactive autism teaching software and, most significantly, as a mother of a child recovered from autism. Betty concentrates her practice on special education law and advocacy. She serves on numerous autism committees, both on a county and state legislative level. Betty is an active community volunteer and was central to creating in her parish a special religious education program for children with moderate to severe autism. Pre-registration is required; the suggested donation for the day is \$10. Refreshments and snacks will be provided; participants may bring their own lunch. To register, please e-mail Danielle Legato (family-catechesis@hvc.rr.com) as soon as possible.
