BY GEORGE....

Last week in this bulletin column you read a letter from Bishop Walkowiak in which he reminded us that each year we designate the month of October as *Respect Life Month*. This year we began the month listening to the news reports of the mass shootings in Las Vegas. Listening to all of the talking heads on the television channels and the politicians who are quick to find a microphone and get their face on the television question how something like this could have happened in a country like ours, causes me to ask the question how could it not happen in a country like ours given that if you consider how many people have been killed in mass shootings since 1973 the number pales compared to the number of children that have been killed by abortions since 1973. The old saying is that the greatness of a people is determined by how they treat their weakest members. How then could we doubt that terrible things like this would happen in a society that devalues the weakest of all of our members - the child in its mother's womb? Those very same politicians who are running to the microphones demanding changes in gun laws are the very same politicians who refuse to allow any changes in the laws that allow those in the abortion industry to kill our children. Even now we have politicians in some states that have legalized the killing of a person who is elderly or ill and they consider it to be an "act of mercy". I think this would be far from what Jesus meant when he called us to be merciful.

Our position as Catholic Christians is that all human life is of the same value -- the highest value we have next to living with God forever in heaven. Whether it is a child killed in abortion, or a victim of a mass shooter, or a refugee trying to escape persecution, or a person who is sick or elderly, or someone walking down a city street, or a perfectly well and healthy person -- we believe that all human life is sacred from conception to natural death, because we are created in the image and likeness of our God. However difficult it is for us to do we have to admit that we live in a society that does not share our values when it comes to respecting all human life. Therefore each year we as a church designate October to be *Respect Life Month* in order to remind ourselves of the value of all human life and to encourage us to live that belief and use our efforts to change those things in our society that devalue human life in any or all of its forms.

Are you someone or do you know someone who has expressed an interest in becoming Catholic? Has a child over the age of seven who has not been baptized? Was baptized Catholic as a child, but has not celebrated the Sacraments of Confirmation and Eucharist?
We offer an opportunity to come together in a small group to learn more about our faith. Sessions focus on the teachings and experience of Church and prepare individuals to celebrate the Sacraments of Baptism, Confirmation, and Eucharist during the Easter season. There are separate sessions for children or youth. You are welcome to participate in the process with your questions, your insights and your faith story in a warm accepting setting.
