

UNIT 1 MEDIEVAL EUROPE PROJECT 2014 **ASSIGNMENT 3**

You have already chosen a specific topic in European Medieval History to present and have submitted your source (book or website) for information. You have set your creative plan (3-D model, 2-D art, artifacts, power point, video, etc.) and identified the important words and key points we should know about your topic.

The third assignment is to **report the progress you have made on your project and have your parent sign your homework.**

PART A: *What are some of the steps have you done so far? What else do you plan to do this week? Have you discovered any obstacles along the way?* Consider how you will finish before the due date.

PART B: *What materials do you need for your presentation? Will you need your teacher to provide any technology for your presentation (CD or DVD player, document camera, projector, flash drive, internet access, etc.)?*

PART C: Have your parent/guardian sign at the bottom.
