3 _____	8 _____	13 _____
4 _____	9 _____	14 _____
5 _____	10 _____	15 _____

Note that #'s 13, 14 and 15 are territories of other countries

Write the name (spelled correctly, please!) of each country at the appropriate number. You may use the political map in your textbook.

Then shade each country in a color that is not the same as an adjacent country. The color does not need to match the textbook map.

Complete both the South America and North America sides of the sheet.
